**Subject:** NFRW 3rd Reporting Period attachments

Dear SSRW Members,

We are now counting volunteer hours for the **3rd Reporting Period** which includes all activities between **July 1<sup>st</sup>, 2002 through December 31<sup>st</sup>, 2022.**

The NFRW has changed their policy to collect volunteer hours from once every two years, to now collecting hours every 6 months during the two year period. During the last election, the NFRW mobilized many volunteers who collectively worked more than *5 million volunteer hours to elect Republicans* across our nation! 'We' are an instrumental force that can impact each election. We are truly the boots on the ground!

Please use the two attachments to calculate your hours.

- 1.) 3<sup>rd</sup> Reporting Period Form with inclusive dates from July 1, 2022 to December 31st, 2022.
- 2.) Examples of activities from NFRW
- 3.) Please note this form is revised from prior recording logging forms. This logging form includes a column for 'call counts' to remind us not to forget to count the political and committee calls we make.

We will not be collecting the hours until December. Call if you have questions!

*Chris*
